### **Running Down a Dream**

Schoolboys and girls dominated the first Running Down a Dream 5K, 1-Mile at Dragon Stadium in Southlake. The only glitch was in the 1-mile when some barricades were moved, causing the participants to miss a turn. Proceeds from the event was to help send students to Pearlington, Miss., to help build new housing for people who lost everything in last year's hurricanes, and to send students to Waco to help needy residents with yard work and light home repair. Pictured are some of the winners and other participants coming down the stretch in the 5K.
