

## *A belated anniversary win*

Frances McKissick (pictured) wins a lot of race titles, including overall and masters divisions, but maybe she'll remember this one a little more. Frances won Saturday's (Sept. 23) Tour des Fleurs 20K in Dallas. Eleven years ago on Sept. 1, Frances became Mrs. McKissick when she married Scott at the Dallas Arboretum, where Saturday's race was conducted at White Rock Lake. Frances won the women's title in 1:29:14. Agustin Hernandez won the men's title in 1:11:49. In the 10K, Sarah Broyles of Dallas continues to be difficult to beat as she won in 37:15. Fiona Green of Keller and who submitted the photos from the race, won the masters award in 43:24. Andrew Cook of Flower Mound, and who has qualified for the marathon

Olympic Trials, won the men's race in 32:41. The masters winner was Andres Hernandez in 36:28.
