

## Watch your cars

Mike Deavers sent in a warning to runners who park their cars in the Capstone Church parking lot that's adjacent to the Trinity River at Rogers and Riverfront in Fort Worth.

He said a friend of his had his car broken into recently and a Fort Worth Police Department officer told the friend that it has become a regular occurrence.

Mike said many cyclists also park there. So be aware and wary. If you do have to park there, leave all your valuables at home or leave a rattlesnake in the seat.
